

Talgo, Inc. seeks DBE & SBE Subcontractors for manufacture and overhaul of passenger railcars

Dear DBE & SBE Subcontractors,

We hope you are well and safe during these times.

Talgo, Inc., a Transit Vehicle Manufacturer with final assembly facilities in Milwaukee, WI, cordially invites you to attend our virtual DBE Outreach Networking Event webinar on Thursday, **October 29th, 2020**. A presentation explaining our firm's operations and subcontracting opportunities will begin at **9am PT** (12pm ET, 11pm CT) followed by time for Q&A with our procurement representatives. Talgo, Inc. staff will then be available for on-line one-on-one discussions with interested DBEs wishing to discuss specific potential scopes of work.

All suppliers' manufacturing facilities shall be certified or compliant with the Quality Program requirements as directed by ANSI/AQS Q9001, ISO 9001, ISO 14001, or demonstrate compliance with an equivalent program.

We request you pre-register by confirming your attendance via email at jparahona@talgo.com, so we can plan for the appropriate webinar technology needs. Login information to the event will be forthcoming soon. Please find an overview of the event webinar agenda [here](#).

For those DBEs interested but unavailable to attend virtually please email us a link to your website displaying your products, line card, capabilities, etc. and a list of client references including contact person name, title, company name, phone number and email address.

Talgo, Inc. strongly supports the value of supplier diversity.

Looking forward to hearing from you and your participation.

Sincerely,

Ferran Canals

Ferran Canals, DBE Liaison Officer
